Mireia Vilalta and Soler, from Girona, I started to play the guitar with a lot of passion, when I was young.

Currently, I'm in Gir's band, as a guitarist and chorist, The Maria's as a guitarist and singer, and since 2014, I'm working about "Mireia's Vilalta" project, recording my first album called "Apnea". A dream, that I've had long time ago, and finally we can make it real.

Sempre he sigut una dona inquieta amb ganes d'apendre i de millorar en tot moment, sempre fixant-me amb les meves influències musicals com ara Gary Moore, Mark Knoplfler, Carlos Santana, entre d'altres.

I'm a real passionate of music, that I've been with differents bands in my short life, Tant De Bo, Crossroads Blues Band, The Maria's, Capital S, helping to me, to improve my knowledge for play the guitar and sing, ever between music.

In 2014 I started with Mireia's Vilalta project, where I make my own songs, sung it in Catalan

and English. In my first album there is ten songs in total. Five of them sung in Catalan, and the other five sung in English. --- 127887vip.com
