play
07. India Martinez – Mil Lagrimas Y Un Lienzo 08. India Martinez – Khedni Maak 09. India Martinez – Que Mas Da 10. India Martinez – Te Voy A Amar 11. India Martinez – Sueño Con La Marea 12. India Martinez – Nombres 13. India Martinez – Solo Tu

The third album by India Martínez, the young flamenco singer from Córdoba, was produced by guitarist Ricardo Rivera and David Santisteban. Both producers are also featured among the album's songwriters, together with established authors such as David DeMaría and Vanesa Martín. Still, Martínez is unquestionably the star of the show, not merely for her passionate, heartrending singing, but also for her bold will to define and broaden her artistic persona by incorporating elements from Hindu music, Arab music, and even electronica into her classical flamenco roots. First single "Vencer al Amor" became a YouTube sensation and helped Trece Verdades climb up the Spanish charts. ---itunes.apple.com
