Schmit - Vocals William D. "Smitty" Smith - Keyboards Julia Tillman Waters - Vocals Maxine Willard Waters - Vocals

Without really stretching himself, Cropper plays the series of soul and funk originals on this disc adequately, but rarely instilling the passion and inventiveness of his recordings with Booker T. & The MG's. The various "guest" vocalists also pale in comparison to the Stax greats, but they do an adequate enough job. The title cut is the only time when sparks fly, and arguably the only track where Cropper contributes something original and truly captivating. "Night After Night" indicates that Cropper was not washed up without significant players around him, but this release adds little to his impressive body of work. --- Thomas Ward, allmusic.com
