Here's this polish dixieland group's second album for Session/MPS It's more of the same stuff as Happy Hagaw, but this time with more humour-filled tracks (one title sung in pig latin!) and the album has more sung titles than the first one.

Hagaw, also known as Asocjacja Hagaw, is a Polish traditional jazz band, formed as a quintet at the Klub Stodoła in Warsaw in 1964 by Andrzej Jastrzębski . The original lineup consisted of Jastrzębski, Grzegorz Brudko, Henryk Kowalski, Wiesław Papliński and Stanisław Piwowarski. The lineup has since changed many times.
