"I WAS so much older then, I'm younger than that now," sang Bob Dylan many decades ago. It's a sentiment that could easily be applied to Joe Cocker.

Once upon a time he turned in subtle balladry such as Moon Tears. Now he trades in lumpy, sub-Springsteen working man's rock like the title track here and casual sexism as on, sigh, I'll Be Your Doctor. His voice is as good as ever but here it is just wasted. ---Martin Towsend, express.co.uk
