This is not an official compilation. Group Members: Angus Young, Bon Scott, Brian Johnson, Malcolm Young, Phil Rudd, Cliff Williams, Stevie Young, Chris Slade, Mark Evans, Dave Evans, Simon Wright

AC/DC's mammoth power chord roar became one of the most influential hard rock sounds of the '70s, and is now one of the defining sounds of rock and metal. In its own way, it was a reaction against the pompous art rock and lumbering arena rock of the early '70s. AC/DC's rock was minimalist -- no matter how huge and bludgeoning their guitar chords were, there was a clear sense of space and restraint. Combined with Bon Scott's larynx-shredding vocals, the band spawned countless imitators over the next two decades and enjoyed commercial success well into the 2000s, scoring their biggest hits after Brian Johnson replaced the departed Scott. --- Stephen Thomas Erlewine, Rovi
