Jimmy Rogers (vocals, guitar) (tracks 4 – 13) Ronnie Earl (guitar) (Tracks 1 -3) Sugar Ray  
Norica (harmonica) Dave Maxwell (piano) Michael "Mudcat" Ward (bass) Per Hanson (drums)

Despite Earl's love and mastery of the '50s Chicago sound and Rogers's still-sharp talents, there's something about this live set that never really takes flight. Maybe it was just a matter of the two factions not being totally familiar with one another, but something's missing in the sparks department. ---Bill Dahl, allmusic.com
