“On this CD I try to show the different hats that I put on throughout my career. I think Blues is the root of all modern music. So I try to show this connection, because I believe we all are connected one way or the other. If you like Blues, Roots & Soul, than “I’m Your Man”. I really enjoyed working on this project especially the privilege to work with so many great musicians. I think this is my best work so far.” --- Big Daddy Wilson, indiegogo.com
