This stunning album from Sugarcane Collins is a dark and vivid collection of thirteen songs plucked from deep within the rhythms of life in the mississippi delta of the 1920's & 30's. With sparse arrangements, brooding production and the inspired musicianship of all involved, Sugarcane conjures up the cotton fields and baptist churches, the stale-beer smoke-choked juke joints and gutbuckets, the freight trains, prison cells and street corners of the south that gave birth to the blues.

"I dived into the blues 30 years ago and went down as deep as I could go. The songs on this album are some of the stories I came back up with" ---andycollins.com
