Recorded at various venues throughout the United States including Jazz at Lincoln Center in New York, True Blues explores and celebrates the genre and follows its rich history from the Mississippi delta of the early 1900s to the present day. The album includes stellar and authentic performances by Corey Harris, Taj Mahal, Shemekia Copeland, Guy Davis, Alvin Youngblood Hart and Phil Wiggins. ---myplaydirect.com

True Blues sets out to pay homage to the blues that gave birth to jazz, funk, and rock n' roll and it does just that, especially in terms of historically significant songs that are timeless. Although some more original tribute material would have made this project more interesting, all the performers demonstrate their knowledge and love of the blues. And, more importantly, it's evident that all are having a good time doing so. --- irom.wordpress.com
