20. Maybelle Sings the Blues 21. This Bitter Earth

This may be late in her career recordings, chock full of wah-wah pedals and other dated devices, but make no mistake about it, this is Big Maybelle still singing her heart out on each and every track. Moving effortlessly between rockers, R&B ballads, pop lightweights, Hank Williams country, and the blues, Big Maybelle's voice inhabits this material with a warmth and husk that most female singers today can only hint at. Not the place to start, but a good place to end up. ---Cub Koda, allmusic.com
