Big Band Blues Rock! Think "Chicago" meets "Stevie Ray Vaughan". If you are hip to the blues scene, think "Roomful Of Blues"

We are a fusion of many blues and rock styles, from old masters like Buddy Guy and Albert Collins, to an influence of the guitar god trinity of Hendrix, SRV and Clapton. "You can't know where you're going if you don't know where you've been".

Check out BluesTrain live at the Tampa Bay Blues Festival on YouTube! And check out more BluesTrain live video at Yesteryears, Pomona, CA. on MySpace. Just keyin "BluesTrain" on either site and you are there! ---cdbaby.com
