Although I have composed, written, performed and recorded all the songs with no help, i want to clarify some interpretations that I'm seeing. In gigs we're a trio alright, of course, only three people and the Rock 'n' Roll. ;)

I hope you enjoy "Blues Is Red," a salute to all and thank you very much. ---Fran Muñoz,

"Blues In Red", Primer album del trio de Blues/Rock español AZULES ó AZULES Blues Trio.

Abarcando varios estilos de la musica blues se concibió este album, pero predominando el sonido del Texas Blues.

Compuesto,escrito,cantado y grabado (todos los instrumentos) arreglado y editado exclusivamente por Fran Muñoz excepto en:

"Victim of a lifetime" Donde colabora Jose Blues en la guitarra Delta. "Fire heels" concepto de la letra de Patry Serrano. "The chain and the neck" concepto de la letra de Paco Valero.

En esta edición solo he incluido 8 temas, en el disco fisico se pueden encontrar 10 temas + extras y algún regalo que se incluirá en un paquete a un precio más que asequible, practicamente simplico, pero esto es solo una premezcla rapida para publicar, no es la mezcla final y por supuesto tampoco está masterizado.

Aunque yo haya compuesto,escrito,interpretado y grabado todas las canciones sin ayuda de nadie, quiero aclarar por algunas interpretaciones que estoy viendo que en directo si somos un trio,lógicamente,solo tres personas y el Rock 'n' Roll. ;)
