From the moment the TBBB started in 2005, they have been considered the surprise of the Dutch blues scene. In fact, they won many "Blues CD of The Month" and "Blues CD of The Year" awards with their first two CDs. This CD consists of eight originals and two covers, which starts by getting the heart of this blues fan pounding. There's plenty of "edge" here with quieter moments too. The vocals of J.J. Sharp are very soulful and rich, while the guitar of Kees Dusink is tasteful beyond question, demonstrating a clear understanding of blues stylings and a rare ability to pull the listener into the song. Add a cool harp and you've got a strong blues CD. --- dwmmusic.com
