Their most cohesive work to date, *Like You Mean It*, rearticulates the classical styles that shaped American music. The Honeydrops capture the sundry rays of country, blues, gospel, and soul; and as if through stained glass, the coalescence of their influences casts an enriched and inspired aura. Ranging from melodica to tenor sax, they fuse a variety of musical textures, bringing forth an innovative sound reminiscent of the street parties and parades of New Orleans.

Their performances bring a diversity of people together, cultivating a vibrant and jubilant melting pot comprised of a loyal and ever expanding family of fans. Because their musical philosophy is rooted in the beauty of shared experience, their performances kindle a sense of community replete with laughter, spontaneity, porch-floor foot tappin', and the soulful swing of a dance floor enflamed. They possess an impromptu quality that invites the audience to shake their inhibitions, embrace spontaneity, and truly become a part of the music. ---cdbaby.com
