Jabo - Hard Times (2015)

01 – *Hard Times* [00:05:51] 02 – *Happy Anniversary* [00:05:16] 03 – *Bang Me* [00:05:10] 04 – *La Blues* [00:04:39] 05 – *Let Me Love You (Feat. Traci)* [00:04:21] 06 – *Thinking Of Erica* [00:05:46] 07 – *What's My Name* [00:03:01] 08 – *I'm Walking Out (Remix)* [00:06:14] 09 – *A Woman Needs Love (Feat. Rue Davis)* [00:05:55] 10 – *Come Zydeco With Me* [00:04:27]

I don't know 'bout anyone else, but I'm finding Jabo to be an absolutely delightful discovery! On this album he effortlessly slides between killer Zydeco, Deep Southern Soul, and even some 'adult urban' Chitlin Circuit blues. The man has got some serious chops!

I defy you to sit your ass still during 'Hard Times'; dis here zydeco rocks the way Beau Jocque used to do! 'Happy Anniversary' is pure Southern Soul on a level that's pretty damn rare these days. 'Bang Me' is a magic mix of rude Boo Zoo zydeco with a dash of Hip Hop that somehow succeeds brilliantly.

This brother is seriously the real deal, a star already in full bloom. Every damn song is another revelation and the variety is impressive. The two female guest vocalists are Smokin', the musicians are playing real instruments and THEY are Smokin'...these 10 tracks are without a doubt ALL KILLA', NO FILLA'!! ---deepsouthern soul.blogspot.com
