Mick Martin, a lifelong film fan, has been reviewing movies professionally for thirty-four years in all forms of media. He worked for The Sacramento Union daily newspaper from 1976 until its demise in 1993. His other passion is blues music, which has resulted in ongoing tours of Europe and eighteen CDs with his band, Mick Martin and the Blues Rockers. Their latest release is One Foot in Front of the Other.

Mick Martin and the Blues Rockers return with their 15th CD concentrating on an individualistic blend of blues, soul and rock rather than yielding to the tenets of the blues purists. For the sixth straight year, Real Blues magazine has honored this group. bluesrock.2005. ---amazon.com
