VDELLI was formed in Perth, Australia in 1997. The band quickly acquired a local following and got to open for acts like ZZ Top, BB King, Buddy Guy and Kenny Wayne Shepherd.

Through intense touring the group also gained an audience in Europe, and their eighth album "Ain't Bringing Me Down" (2009), produced by Kevin Shirley (Aerosmith, Iron Maiden etc) was the first to see a European release.

On the follow-up "Take A Bite" (2010), VDELLI displayed a more versatile side of their personality. With the current release "Never Going Back" (2013) VDELLI are pushing the boundaries of blues rock and grungy blues with furious rock songs.

The trio's famously intense liveshow is significant, with vocalist/guitarist Michael Vdelli as the obvious focal point. ---behance.net
