Ragtime Guitar's Foremost Fingerpicker contains a total of 23 prime tracks from Blind Blake. Alternating between solo acoustic numbers and songs recorded with a string band, the set demonstrates how exceptionally gifted the guitarist was -- he's playing arrangements and rhythms that several subsequent generations were never able to completely figure out. Blind Blake was one of the finest acoustic guitarists of the '20s and '30s and this is the definitive compilation. --- Thom Owens, AllMusic Review
