Señor Blues is one of Taj Mahal's best latter-day albums, a rollicking journey through classic blues styles performed with contemporary energy and flair. There's everything from country-blues to jazzy uptown blues on Señor Blues, and Taj hits all of areas in between, including R&B and soul. Stylistically, it's similar to most of his albums, but he's rarely been as effortlessly fun and infectious as he is here. -- Thom Owens, Rovi
