From 2002. This is definitely not an album of run-of-the-mill blues, and made a good first impression on the UK scene. This CD contains many fine songs, inc. *I Need A Car*, one of Guy's originals (and often requested at acoustic performances) played solo on bottleneck guitar; also an outstanding solo interpretation of the Motown classic *I Heard It Through The Grapevine*, and a sideways look at Robert Johnson's *Crossroads Blues* played solo on electric slide. ---
