Il secondo libro di toccate ("The Second Book of Toccatas") is a collection of keyboard music by Girolamo Frescobaldi, first published in 1627. A work of immense historical importance, it includes the first known chaconne and passacaglia, as well as the earliest set of variations on an original theme (i.e. not a popular song, as in all earlier music). Il secondo libro di toccate is widely regarded as a high point in Frescobaldi's oeuvre.
