Reinhard Goebel, with his Musica Antiqua Köln, was a vigorous advocate for the music of Heinichen, and this 2-CD recording from 1996 was one of MAK's finest ever. The "Lamentations of Jeremiah" and four Latin motets comprise one CD, while the second CD features a German-language Passion oratorio that even Bach might have envied for its emotive potency and thoughtful counterpoint. ---The "H" Trinity, amazon.com
