[Georgy Sviridov] (3:28) Bolshoi Theatre Orchestra Mark Ermler – conductor

The Bolshoi Theater in Moscow is touted as Russia's premiere stage. This country's oldest musical theater, the Bolshoi once proudly called Imperial members of royal families from around Europe that regularly came to. During the Soviet years it was equally regularly visited by Communist big shots who also considered it their own and sometimes even handpicked the theater's choreographers and chief conductors some of whom were internationally acclaimed masters of their trade.

The Bolshoi orchestra is the pride of Russia's performing culture. Its performance is marked by faultless technique and the finest sense of ensemble. It involves first-class musicians, many of whom are winners of international competitions and teachers of musical institutions. ---
