Prophets of Soul is a genuinely tweaked, original take on soul music, whose tunes (great use of farfisa organ and electric piano) could fit into a number of today's genres and micro genres (lounge, funk, dn'b, soul, psych). In terms of Moggers, I'd say this is a Fistula Spume special and I'd wager he has this already, but if not, I'm glad to provide this happyfuntime exposure.
