Warren Hill delivers more of the smooth, poppy jazz that fans have come to expect on Love Songs. Guitarists Jeff Golub and Marc Antoine guest on "Dancing With You" and the version of Clapton's "Wonderful Tonight," respectively, and Hill sings his own heartfelt love song, "Because of You," as well as the standard "My Funny Valentine." As usual, his renditions of "Oh Girl," "At Last," and "My Love" are pleasant mood music. Though he doesn't really offer any surprises on this, his seventh album, Hill does provide exactly what Love Songs' title promises. --- Heather Phares, Rovi
