Acoustic by choice with serious swing both on stage and on the street, The Sassy Swingers band is faithful to the origins of New Orleans jazz while bringing up-to-date elegance, swing and a positive feel from the belle époque.

Voices, banjo, washboard, sousaphone, trombone and clarinet modernise the cheerful mixed New Orleans jazz from the 30s to today. The band has you swinging and boogying with its sassy pinup lead singer and her sensual charm and sexy voice, its unusual instruments and their deliciously retro style... Irresistible and highly contagious! ---annecymountains.com
