The album was called "Nalepa & Breakout - Jesteś w piekło". Simply, when first released in 1993, this album was credited to Tadeusz Nalepa AND the band Breakout. However, for this boxed set the same album has been included as Nalepa's solo album without any mention of the band Breakout in its title. So, after closer examination and comparing the track lists now I can say that the "missing Breakout album" has been found In 1992 Piotr Nalepa returned to Poland and started playing with his father's band. At the end of the same year Tadeusz Nalepa received a transplant and his days of dialysis required three times a week were over. A nice turnabout.

In 1993 the band name BREAKOUT was re-activated, with new members, this time including Piotr Nalepa and Grazyna Dramowicz. And a new album was recorded. Upon its original teleas this album was credited to Tadeusz Nalepa And Breakout. For this boxed set re-edition the name Breakout was omitted. --- rutracker.org
