18 of the greatest hits from one of the legends of the silver screen. In her day, movies were the equivalent of today's videos and these recordings reflect her greatest moments from the screen.

There some rare circumstances where some people who have less than perfect singing voices can deliver a song on feeling, some may call it "heart". Jimmy Durante, Loius Armstrong and George Burns were among those I am talking about. Though I don't think that I have seen any of Ms. Dietrich's movies, this CD is quite impressive. Even though it is all in German and even though she talks her way through some parts of some songs, Dietrich sings with feeling and warmth; especially a kind of "pathos".
