Agnetha Fältskog - □ Anni-Frid Lyngstad - □ Benny Andersson - □ Björn Ulvaeus

A new ABBA live album will be released this September as part of the group's 40th Anniversary Celebration. ABBA Live at Wembley Arena presents the complete concert at the famous London venue from 10 November 1979.

The headline news is that this release brings us a 'new' ABBA song called I'm Still Alive. This track was performed on the night but never released commercially anywhere. Unusually, it's a collaboration between Agnetha (music) and Bjorn (lyrics). The full track listing for the concert is below. If you are wondering what Gammal Fäbodpsalm is, it's an instrumental piece of music (written by Swedish composer Oskar Lindberg) used to open the concerts. ---
