Metallica is an American heavy metal band from San Francisco, California, formed in 1981. The band was founded when drummer Lars Ulrich posted an advertisement in a local newspaper. Metallica's line up has primarily consisted of Ulrich, rhythm guitarist and vocalist James Hetfield and lead guitarist Kirk Hammett, while going through a number of bassists. Currently, the spot is held by Robert Trujillo. Metallica's early releases included fast tempos, instrumentals, and aggressive musicianship that placed them as one of the "big four" of the thrash metal subgenre alongside Slayer, Megadeth, and Anthrax during the genre's development into a popular style. The band earned a growing fan base in the underground music community and critical acclaim, with the 1986 release *Master of Puppets* described as one of the most influential and "heavy" thrash metal albums. The band achieved substantial commercial success with their self-titled fifth album (also known as *The Black Album*), which debuted at number one on the *Billboard* 200. Metallica has released nine studio albums, three live albums, two EPs, 24 music videos, and 45 singles. The band has won nine Grammy Awards, and has had five consecutive albums debut at number one on the *Billboard* 200, making Metallica the first band to do so, this record was later matched by the Dave Matthews Band. This bootleg collection covers the Metallica-era from their debut album *Kill em all* to the last song they ever did together " *I Disappear* " from the *Mission Impossible 2* soundtrack. ---freemusic07.ucoz.com
