Boone's popularity as a pop artist began to wane in the early 1960s when the British Invasion made his soft version of rock music unpopular with young audiences; his last major hit was "Speedy Gonzales," released in 1962. He returned to hosting variety television with several short-lived shows in the late 1960s, including The Pat Boone Show and Pat Boone in Hollywood. An autobiography, *A New Song*, was published in 1970. Boone's albums *Pat Boone Sings the New Songs of the Jesus People* (1972) and *The Pat Boone Gospel Collection* (1978) were among those that signaled his transition away from pop and toward gospel music in the 1970s. ---britannica.com
