Creedence Clearwater Revival (sometimes shortened to Creedence or CCR) was an American rock band that gained popularity in the late 1960s and early 1970s with a number of successful singles drawn from various albums.

The group consisted of lead vocalist, lead guitarist, and primary songwriter John Fogerty, his brother and rhythm guitarist Tom Fogerty, bassist Stu Cook, and drummer Doug Clifford. Their musical style encompassed country rock and swamp rock genres. Despite their San Francisco Bay Area origins, they positioned themselves as Southern rock stylists, singing about bayous, the Mississippi River, catfish, and other popular elements of Southern iconography.

Creedence Clearwater Revival's music is still a staple of American and worldwide radio airplay and often figures in various media. The band has sold 26 million albums in the United States alone. Creedence Clearwater Revival was inducted into the Rock and Roll Hall of Fame in 1993.
