On the Playboy imprint (yes, Hefner's label). Typical Latino rock from East LA. Best parts, naturally, are the Santana inspired rave-ups. But there's also some good time rock and roll along with some bluesy boozy wozy stuff to sit through. There are many better Latin albums than this, but Latin rock enthusiasts may want to spin it once. If only the Playboy models we're on it! ---ashratom, rateyourmusic.com
