Traktør - Paradigma (2017)

1.Machinery 09:36 2.Arcadia 07:43 3.New World 05:24 4.Frontiers Of Space 10:30
5.Apocalypse 07:39 Michel Schenk (guitar/vocals) Paul Seibel (bass) Thorsten Heinrichs (drums)

Big, spacey doom. Sometimes, that bores me and I forget the instrumental noodling. Not here. There's a difference between playing a lot of notes and playing something that grabs the attention, and Traktor figured out that difference. If you like Yuri Gagarin, give them a try. Favorite track: Frontiers Of Space. ---bandcamp.com
