For most people, it's way too early to start thinking about Christmas but for Helix mainman Brian Vollmer, Christmas began over this past summer. The idea for a Helix Christmas album was conceived, a deal was made with Wal-Mart in Canada, and the album was recorded. A HEAVY MENTAL CHRISTMAS was released in early October exclusively through Wal-Mart and online through Vollmer's website PlanetHelix.com. The album follows the successful formula laid out by Trans-Siberian Orchestra and Twisted Sister: Rock bands creating their own seasonal album by taking old-time Christmas classics and adding their own hard-edged sound.

The album breaks down to nine holiday classics and a new Helix song, 'Christmas Time Is Here Again'. The band stays pretty true to the originals but they are rocked up and heavy! A few cool guitar solos are added in to add a little punch and some length but there isn't much else added in to make these songs any different. This album is basically a holiday covers album and, even though I'm not big on cover tunes, it's definitely a lot of fun. I like hearing the Helix versions of 'Jingle Bell Rock', 'A Wonderful Christmas Time' and 'Happy Xmas (War Is Over)', these are some of my favorite Xmas songs and I am one of those people that tune into the Lite Rock stations November 1st to hear the holiday music. I really enjoyed the acoustic/power ballad version of 'Silent Night', it sounds great with the electric guitar coming in for the instrumental section. The new Helix original, 'Christmas Time Is Here Again', is a pretty cool song and has more energy than the classics. Obviously the difference is that this song was written as a Rock
