Arguably the most acclaimed guitarist of his generation, Eric Clapton has won his greatest accolades for music rooted in the blues, but he's also shown that his talent extends to rock & roll, rhythm & blues, pop, and country-rock material, and this compilation offers a brief but telling glance at the range of Clapton's material. I've Got a Rock n' Roll Heart features ten songs from Clapton's recordings for Warner Bros., including "Tears in Heaven," "It's in the Way That You Use It," "My Father's Eyes," "Forever Man," and a live recording of "Layla." ---Mark Deming, allmusic.com
