Silent Night is a collection of Christmas music by Mahalia Jackson. Liner notes state: "The feeling of participation which enfolds the listener is one of the collection's most satisfying rewards. Each person who lets himself be swept up in the surge of Mahalia's singing will find himself contemplating anew the time, the atmosphere, the miracle of Christmas. Mahalia Jackson, one of the finest artists in the world today, gifted conductor Johnny Williams, the orchestra and chorus return this music to its original significance and make it once again the music of joy that it is." --- recordvision.com
