Live at the Alamo Theater marks Eddie Cotton's triumphant arrival on the blues scene. It is not
everyday that blues fans can celebrate the discovery of a young player hailing from a traditional
background.

Hot on the heels of his 1999 Grammy Award nominated album, "Welcome to Little Milton",
producer Greg Preston was quick to realize Eddie's tremendous potential and embraced this
project with his usual professionalism and drive. The historic Alamo Theater on Farish Street in
downtown Jackson, MS where so many blues luminaries have performed over the years; was
the perfect venue for Eddie's recording debut. Eddie Cotton's impassioned, soulful vocals and
fluid, biting guitar combined with his youthful enthusiasm and powerful stage presence stormed
the Alamo and took no prisoners. Preston teamed up again with ace engineer Kent Bruce to
superbly capture the energy and excitement of that memorable night.

Eddie shines on creative arrangements and interpretations of Howlin' Wolf's "Shake For Me",
Hound Dog Taylor's "She's Gone" and the scorching closer, Little Milton's "Walkin' The
Backstreets And Cryin'." His originals include the Gospel drenched "Don't Give Up On A Love
Affair," the mournful "You're The Girl," as well as the soul blues "Why Must I Cry."

Live at the Alamo Theater is a fitting debut to what will likely become a long and distinguished
career. With his passion, exuberance and overflowing talent, Eddie Cotton promises to carry the
