John Lee Hooker (vocals, guitar); Andrew Dunham (guitar); Eddie "Guitar" Burns (harmonica); Bernard Besman (recorder). Bellstar Lounge, Colden, NY. 4/4/79

I've always been a big fan of John Lee Hooker. I love listening to him play with just a guitar, and no band. This soundboard recording however, is with a backing band. John Lee Hooker and the Coast To Coast Blues Band. I haven't come across any recordings that sound all that good with just him. This is a nice straight up blues. The recording sounds great. Enjoy. --- prognotfrog.com
