On *Encore*, French jazz singer Virginie Teychene stands on the edges of collective memory and draws us into an unexpected encounter with our own emotions. Partnered with a quintet, she takes us by the hand and urges us to dance, over and over again, on this loving tribute to chanson singers Claude Nougaro, Barbara and Alain Bashung. ---Editorial Reviews, amazon.com

'Et c'était bien...' What do songs say? If music 'expresses' things and language 'sings' them, the role of songs is to reveal the music of language! Nougaro, Barbara and Bashung all knew a little about this... With this album, which is mostly devoted to them, Virginie Teychené stands on the edges of collective memory and invites us to an unexpected encounter with our own emotions. With the backing of a quintet which is fully on her side, she takes us by the hand and urges us to dance, over and over again, with those who tried before she did to remember the name of the petit bal perdu... --- mdt.co.uk
