For over thirty years the Pasadena Roof Orchestra, based in the UK, has delighted audiences all over the world with its mix of swing and hot dance music. Swing is much more than a musical genre, it personifies a lust for life, with its infectious beat. Its roots lie in the pre war dance bands, and the roaring twenties which inspired the later big swing bands. In contrast to many other musical genres swing has never really gone out of fashion over the decades, particularly in recent years. The Pasadena Roof Orchestra has played an important role in this resurgence of popularity. 40 recorded vinyl LPs, singles, CDs, and DVDs containing over 300 titles have been released since 1974. The timeless sound of the orchestra has led to ever more recordings. In Japan the orchestra's first five vinyl albums have recently been rereleased in a CD format. --- pasadena-records.com
