Celine is back! She returns with her new French-language album 'Sans attendre', her first studio album in five years. Celine worked with top artists in the francophone music world including Jacques Veneruso, Luc Plamondon, David Esposito, Maxime Le Forestier and Stanislas to create a poignant album filled with pure emotion, evocative lyrics and powerful melodies. The first single, "Parler à mon père", has enjoyed tremendous success in Quebec and throughout Europe maintaining the #1 position for 10 weeks on the Quebec charts! Several distinguished artists have joined voices with Celine to record duets on this album; French rock legend Johnny Hallyday on "L'amour peut prendre froid", world-renown Quebec artist Jean-Pierre Ferland on "Une chance qu'on s'a" and the late Henri Salvador in a virtual duet titled "Tant de temps".

The 'Sans attendre' Deluxe Edition includes 2 bonus tracks - "Les jours comme ça" and "Ne me quitte pas", a classic by the late Jacques Brel, which Celine performs with so much emotion in her Las Vegas show. This fabulous edition also comes with a charming 2013 desk calendar featuring the album artwork.

'Sans attendre' marks Celine's undeniable return with force! This is an album to discover... without delay! --- celinedion.com
