The Best of Papa Roach: To Be Loved compiles most of the rock band Papa Roach's hits beginning with songs from their 2000 major-label debut, *Infest*, through to 2009's *Metamorphosis*. Although Papa Roach started out as rap-rock fusionists, they quickly morphed into a nu metal and hard rock outfit by 2002's *lovehatetragedy*. Perhaps not surprisingly, this compilation sticks to most of the rock-oriented tracks in the band's catalog. To these ends you get such songs as "Broken Home," "Scars," "Getting Away with Murder," and "Lifeline." Also included is a live version of "Forever" and an acoustic version of "Scars." While *To Be Loved* really doesn't offer many enticements to longtime fans, it does work as a summation of the rock-leaning side of Papa Roach's career thus far. ---Matt Collar, AllMusic Review
