Personel:

Geddy Lee - bass, lead vocals, keyboards, mellotron, bass and synthesizer pedals, electric and acoustic rhythm guitar

Alex Lifeson - six and twelve-string acoustic and electric guitars, classical guitar, mandolin, mandola, bouzouki, backing vocals, bass and synthesizer pedals

Neil Peart - drums, electronic and acoustic percussion

Universal's 2010 12-track collection *Icon* misses several major Rush tunes -- there's no "Tom Sawyer," no "Red Barchetta," no "New World Man," no "Subdivisions," no "Distant Early Warning," not even "Time Stand Still" -- but it does have "Working Man," "Fly by Night," "Freewill" and "Limelight," along with several other well-chosen album tracks, making for an entertaining sampler of Rush at their peak. ---Stephen Thomas Erlewine, AllMusic Review
