White Rock is a 1977 documentary film about the 1976 Winter Olympics held in Innsbruck, Austria.

The film was directed by Tony Maylam, who at around the same time had also made a concert film featuring the rock group Genesis, Genesis: In Concert. The two films were shown as a double bill in British cinemas in 1977.

As for White Rock, a soundtrack by Rick Wakeman was released. A sequel to the album would be released in 1999.
